Cook County Department of Public Health Offering H1N1 Vaccination at Additional Mall Clinic Sites

Cook County Department of Public Health (CCDPH) officials have expanded public H1N1 vaccination clinics to three malls in south suburban Cook County. The three mall sites are located in areas with lower rates of vaccination, and higher rates of H1N1 hospitalization.

“Going to shopping malls is a creative way to bring the vaccine to the community,” said CCDPH chief operating officer, Stephen A. Martin, Jr., Ph.D., M.P.H. “We know residents are out in large numbers over the holiday shopping season. With a CCDPH vaccination clinic set up at the mall, residents will be able to protect their families with an H1N1 vaccine and still meet their busy holiday shopping deadlines.”

Vaccine is being offered for FREE to anyone over six months of age at the following locations:

Mondays, December 21 and 28

11am – 5pm

River Oaks Center

96 River Oaks Center Dr (intersection of Torrence Avenue and 159th Street)

Calumet City, IL 60409

Residents should enter the mall near the Sears entrance. The clinic will be in the lobby area near the former movie theater.

Tuesdays, December 22 and 29

11am – 5pm

Lincoln Mall

208 Lincoln Mall Dr. (near Cicero Ave and Route 30, Lincoln Hwy)

Matteson, IL 60443

Residents should enter the mall near the Sears entrance. The clinic will be located inside the north east side of the mall.

Wednesdays, December 23 and 30

11am – 5pm

Chicago Ridge Mall

444 Chicago Ridge Mall (on the corner of 95th and Ridgeland Ave in Chicago Ridge)

Chicago Ridge IL 60415

Residents should enter through the Kohls entrance. The clinic will be located directly inside the mall in front of Kohls.
