## Media Advisory

The Cook County Department of Public Health continues to schedule H1N1 vaccination appointments for suburban Cook County residents. However, more than 30% of residents who have had scheduled appointments have failed to keep them. CCDPH officials are urging residents who have scheduled appointments to please call the CCDPH flu hotline at 708-492-2828 if they need to cancel their H1N1 vaccination to allow other residents the opportunity to use the appointment slot.

Regardless of where a person may live in suburban Cook County, residents may call 708-836-8600 or any of the CCDPH District Offices listed below to make an appointment at one of our vaccination sites. CCDPH staff will schedule the appointment time and location for residents.
