This report contains surveillance data for the jurisdiction of the Cook County Department of Public Health, which includes all areas within suburban Cook County (outside of the city of Chicago) with the exception of the villages of Evanston, Skokie, and Oak Park, and Stickney Township. All information is based on the number of cases released by the Illinois Department of Public Health (IDPH).

*The cumulative incidence rate per 100,000 population based on the 2004 estimate of the population (U.S. Census Bureau). Rates are not calculated if the number of cases is less than 5.
