## West Nile Virus Surveillance Report

**October 6, 2010**

1010 West Lake Street, Suite 300  
Oak Park, Illinois 60301  
(708) 492-2000  
TDD (708) 492-2002

**Stephen A. Martin, Jr., Ph.D., MPH**  
Chief Operating Officer

### Mosquito Surveillance<sup>1</sup>:

<b>Week 38 (09/19/2010 – 09/25/2010)</b>	
Number of female <i>Culex</i> mosquitoes tested	6,599
Number of <i>Culex</i> mosquito pools tested	193
Number of Positive Pools	40
Number of Communities with positive mosquito pools <sup>2</sup>	51
<b>Cumulative Totals (05/10/2010 – 09/25/2010)</b>	
Number of female <i>Culex</i> mosquitoes tested	316,639
Number of <i>Culex</i> mosquito pools tested	7,199
Number of Positive Pools	1,414
Number of Communities with positive mosquito pools	73

1. Includes mosquito surveillance data from Cook County Department of Public Health, Skokie Department of Public Health, Evanston Department of Public Health, North West Mosquito Abatement District, North Shore Mosquito Abatement District, Des Plaines Valley Mosquito Abatement District, South Cook County Mosquito Abatement District, and the Illinois Department of Public Health.

2. Communities are: Alsip, Berkeley, Berwyn, Broadview, Brookfield, Calumet City, Chicago Ridge, Cicero, Country Club Hills, Des Plaines, Evanston, Evergreen Park, Forest Park, Franklin Park, Glenview, Glenwood, Harvey, Harwood Heights, Hickory Hills, Hillside, Hodgkins, Homewood, Justice, La Grange, La Grange Highlands, La Grange Park, Lansing, Lemont, Lincolnwood, Lynwood, Melrose Park, Morton Grove, Norridge, North Riverside, Northbrook, Oak Forest, Oak Lawn, Oak Park, Olympia Fields, Orland Park, Palos Heights, Palos Hills, Palos Park, River Forest, Schiller Park, Skokie, Summit, Tinley Park, Willow Springs, Wilmette and Winnetka.

**Dead Birds:** No birds were submitted during week 38. A total of 44 birds have been tested, of which 10 were positive.

**Humans:** Thirteen human cases have been confirmed.

### **Risk Assessment**

There is a **moderate** risk of human West Nile Virus infection at this time. This is due to the sustained number of mosquito pools testing positive for WNV coupled with dry weather conditions.

**Prevention:** When outdoors between dusk and dawn, cover skin with lightly colored loose fitting clothing and use mosquito repellent with DEET, picaridin or oil of lemon eucalyptus. When applying repellent, always follow the directions on the product label. Get rid of standing water around your home in pet bowls, flower pots, old tires, baby pools and toys. Water that is allowed to stagnate for three or four days becomes a breeding ground for mosquitoes. Make sure your doors and windows have tightly fitting screens and repair any tears or other openings. Keep weeds and grass cut short and keep gutters clean and free of debris.

**Disclaimer:** All data are preliminary and may change as more reports are received.
