Suburban Cook County

2010 Core Variables Report

Communities Putting Prevention to Work using Behavioral Risk Factor Surveillance System

September 26, 2011
### SECTION 1: HEALTH STATUS CONTENTS

When the denominator is not based on the total population surveyed, the title contains a description of what population is excluded from the denominator. If the title does not describe the denominator, the table is based on all respondents to the states survey.

**Table: Would you say that in general your health is? (GENHLTH)**

**NOTE:**
- % = Percentage, C.I. (95%) = Confidence Interval (at 95 percent probability level). Percentages are weighted to population characteristics.
- Estimates based on rows with less than 50 observations have been suppressed.
- Cells that contain a confidence interval with a half-width of greater than 10 have been suppressed.
TABLE 5: DO YOU NOW SMOKE CIGARETTES EVERY DAY, SOME DAYS, OR NOT AT ALL? (SMOKDAY2)
Denominator excludes: Respondents who are female or respondents with do not know/refused or with missing responses
Denominator excludes: Respondents not reporting having smoked 100 cigarettes in their lifetime

All of the Confidence Intervals for this table are too wide (half-width greater than 10) to print this table.
TABLE 6: DO YOU NOW SMOKE CIGARETTES EVERY DAY, SOME DAYS, OR NOT AT ALL? (SMOKDAY2)
Denominator excludes: Respondents who are male or respondents with do not know/refused or with missing responses
Denominator excludes: Respondents not reporting having smoked 100 cigarettes in their lifetime

All of the Confidence Intervals for this table are too wide
(half-width greater than 10)
to print this table.
### TABLE 7: DURING THE PAST 12 MONTHS, HAVE YOU STOPPED SMOKING FOR ONE DAY OR LONGER BECAUSE YOU WERE TRYING TO QUIT SMOKING? (STOPSMK2)

Denominator excludes: Respondents with do not know/refused/missing responses.
Denominator excludes: Respondents not reporting having smoked 100 cigarettes in their lifetime.
Denominator excludes: Respondents reporting not still smoking cigarettes.

All of the Confidence Intervals for this table are too wide (half-width greater than 10) to print this table.
## Table 8: During the Past 12 Months, Have You Stopped Smoking for One Day or Longer Because You Were Trying to Quit Smoking? (STOPSMK2)

Denominator excludes: Respondents who are female or respondents with do not know/refused or with missing responses

Denominator excludes: Respondents not reporting having smoked 100 cigarettes in their lifetime

Denominator excludes: Respondents reporting not still smoking cigarettes

All of the Confidence Intervals for this table are too wide (half-width greater than 10) to print this table.

**Note:**

- % = Percentage, C.I. (95%) = Confidence Interval (at 95 percent probability level).
- Percentages are weighted to population characteristics.
- Estimates based on rows with less than 50 observations have been suppressed.
- Cells that contain a confidence interval with a half-width of greater than 10 have been suppressed.

Denominator excludes: Respondents who are female or respondents with do not know/refused or with missing responses
